

Good Morning/Afternoon/Evening

My name is (Full Name) and I am the (Title of Job) with (Company/Organization) in (City, State).

I'm calling today as a dedicated (volunteer/board member/concerned citizen) to encourage continuing support of Habitat for Humanity Saint Louis and their efforts to help low-income Missouri families build and buy their first home.

Funding from the State of Missouri is crucial support which will allow Habitat Saint Louis to continue building up communities in our region through volunteer labor, and strategic alliances with local businesses and ecumenical partners.

As of today, \$250,000 of funding originally allocated to Habitat Saint Louis in the state budget have been removed. Loss of these funds will negatively impact the lives of families in desperate need of affordable housing options in the St. Louis Region. Please consider supporting the reintroduction of this funding before the next budget vote. Thank you for your consideration.
