Vision

A world where everyone has

Bridget, a full-time medical assistant, knows a little something about persistence. She applied to the Habitat for Humanity Saint Louis home ownership program three times. The first time she applied, she didn't quite meet all the qualifications. The second time, staff encouraged her to improve her credit score.

After following their advice, she applied for the third time. Bridget thought to herself, "I'm gonna try and see what happens, third time's a charm. And sure enough it was!" Bridget and her three children moved into their very own home in December 2013 just in time for the holidays.

"I was excited...I thought, I am going to wake up because it is a dream. But it wasn't!"

When asked about home ownership, Bridget says, "I like it because it's mine, I own it, I can make changes, and I can design it or decorate however I like it. I already started painting. My friends and family call my house the multi-colored house, the crayon box."

Your support makes the dream of homeownership a reality for hard-working people like Bridget, who simply need a little help to create a brighter future.

"I was excited..."

I thought, I am going to wake up because it is a dream. But it wasn't!"

Vision

A world where everyone has a decent place to live.
