

Habitat for Humanity®

Saint Louis

BUILDERS' CLUB TEAMS

A BUILDERS' CLUB TEAMS is a unique way to get your organization involved with Habitat for Humanity Saint Louis. Your group will benefit from an informal team building experience, doing something they probably have never done before - build a home! The team will have to communicate, cooperate and work together in a new way. What better way to forge a bond with coworkers and clients than to spend a day hammering and working toward a common goal?

Habitat for Humanity Saint Louis will provide skilled construction staff or volunteers to train your team and supervise construction. All tools, safety equipment and building materials needed for the day will be provided.

Builder Level	Number of Volunteers	Donation
Two-Story Team	11-15	\$2,000
One-Story Team	up to 10	\$1,500

Builders' Club Teams Includes:

- A day of building on a Habitat for Humanity Saint Louis build site (construction training provided).
- Your group's day of service noted on our website on the Builders' Club Team webpage.
- Designated construction leadership for your group.
- "Habitat 101" — an opportunity for Habitat Saint Louis staff to share general information about the organization and homebuyers, details of partnership, and/ or individual volunteer opportunities at your organization/place of business.

If your group is larger than 20 volunteers, please contact us to discuss available options. No previous construction experience is necessary, just willingness for your group to work together as a team to help your community.

Questions? Contact Resource Development Manager, Harper Zielonko, at harper@habitatstl.org or 314-371-0400.
